# SPECIAL TRUCKS & OPTIONS

**Skid Adaptor** – Transforms the truck for either pallet or skid use. Secures easily in a vertical position.

**Load Backrest** – Built from 1 1/4" tubular steel for added load stability and operator safety.

**Platform/Skid Truck** – Offers a customized solution to various unique applications.

**Dual-Action Drum Brake** – Increases maneuverability and operator safety on uneven floors.

**Freezer Truck** – A special design features anti-corrosion materials for wet, cold and other harsh environments.

**Four Way Hand Pallet Truck with Pallet Stops** – Operator can handle pallets easily in all four directions. Maximizes trailer load density while restricting fork entry in adjoining pallets.
