

ORDER PICKER PLATFORMS

Order Picker Platforms are an excellent upgrade over a pallet. All Koke Order Picker Platforms are custom built to fit your specific order picker. Standard capacity is 1,500 LBS and we build them in steel or aluminum. A pallet clamp grab block is standard to secure the platform to the order picker when in use. The possibilities are endless. From casters to shelves to rails to towing, we can design the proper platform to fit your needs.

Standard Features:

- Pallet Clamp Grab Block
- Full Length Tube Fork Pockets
- 11ga. Deck on Frame Construction
- 1,500 LB Capacity

| MODEL | SIZE | CAPACITY | MODEL | SIZE | CAPACITY |
|-----------|-------------|------------|-----------|-------------|------------|
| ORDPK3648 | 36"W x 48"L | 1,500 lbs, | ORDPK4272 | 42"W x 72"L | 1,500 lbs, |
